City of Milwaukee Health Department Milwaukee Commission on Domestic Violence and Sexual Assault

You Are Not Alone

Milwaukee Commission on Domestic Violence and Sexual Assault

The City of Milwaukee Common Council created the Milwaukee Commission on Domestic Violence and Sexual Assault (formerly the Common Council Task Force on Sexual Assault and Domestic Violence) in 1979.

Its formation provided Milwaukee with a team of experts and community leaders joined to address the issues of family violence, sexual assault, and child abuse. Commission members work cooperatively with area agencies and institutions, the media, and government.

They educate the community, upgrade the skills and knowledge of professionals, and assist with policy and legislation clarification on issues affecting victims and perpetrators of abuse and assault.

Professionals in the fields of sexual assault, domestic violence and child abuse are available for consultation, training and presentations to school, agency and neighborhood groups. To request a speaker, call the Milwaukee Commission office at 286-2997.

The purpose of the Commission is to increase safety for victims/survivors of domestic violence and their children and for victims of sexual assault, and to hold abusers accountable for their violent behavior.

The Commission is charged with the responsibility of coordinating the community's response to domestic violence and sexual assault by promoting communication and collaboration among members of law enforcement, victims' advocates, court staff, school personnel, health care providers, abuser programs, corrections officials, policy makers, children's service providers, prosecutors, and other entities.

The duties of the Commission include, but are not limited to, the following:

- 1) Design and provide special training in the areas of domestic violence and sexual assault for all current officers and recruits of the Milwaukee Police Department
- 2) Review relevant policies and procedures of appropriate public and private agencies with the goal of improving response to victims of domestic violence and sexual assault
- 3) Monitor and promote legislation designed to provide victim safety and abuser accountability
- 4) Provide community awareness efforts aimed at intervention and prevention of domestic violence and sexual assault

If you have experienced sexual assault, family violence or child abuse, or know someone who has, these agencies can help.
